Dear Colleagues,

The Sociedad Iberoamericana de Osteología y Metabolismo Mineral (Iberoamerican Society of Osteology and Mineral Metabolism), SIBOMM, is the oldest and largest multidisciplinary Federation, of around 20 medical scientific societies (rheumatology, endocrinology, gynecology, menopause, physical medicine and rehabilitation, orthopedics, internal medicine, nephrology, radiology) of Latin America, Spain and Portugal.

It was founded in Madrid in 1987 and aims the study of mineral metabolism and bone, including disorders such as osteoporosis. Nowadays, SIBOMM represents health professionals who provide care to more than 500 million people.

For the first time ever, Portugal receives a SIBOMM Congress and, on behalf of SIBOMM, we are honored to invite you to participate in this important event, which will be held in Lisbon, next August, 27 to 29, 2015.

Among others, the main themes of the congress are: Menopause and osteoporosis, Vertebral and non-vertebral fractures and their treatment, Pharmacological and non-pharmacological treatment of osteoporosis, Male osteoporosis, Osteoarthritis, osteoarthritis and osteoporosis, Diabetes mellitus and bone, Obesity, metabolic syndrome and bone, Oncological disease and bone, Nutrition and osteoporosis/fractures, Muscle and bone, Renal disease and bone and Vitamin D.

Pursuing SIBOMM's mission, we aim to host an international forum that enables the exchange, within the international specialists community, of the latest advances in both science and practice, through plenary sessions and state of the art oral presentations and posters.

Already voted Europe's leading destination, we believe Lisbon will attract specialists from all over the world.

We do hope you will join us in this extraordinary event!

Yours sincerely,

**Ana Paula Barbosa**  
(SIBOMM President 2013-2015)
