

MARIE, Pierre, J., Ph.D., Director of Research at the French National Center of Scientific Research (CNRS) ; Head of the Laboratory on Osteoblast Biology and Pathology at UMR 606, National Institute of Health and Medical Research (Inserm) and University Paris Diderot, Paris, France.

Place of Birth : Paris, France

Education/Training /Positions : M.Sc., University of Paris 6, 1979; Ph.D., University of Paris 6, 1982; Research Associate, Shriners Hospital, Montreal, Quebec, Canada, 1979-1982; Assistant Professor, Department of Experimental Surgery, McGill University, Montreal, Quebec, Canada, 1980-1982; Senior research investigator at CNRS, Inserm U349, Paris, France, 1982-1990; Director of Research 2nd class (Professorship) at CNRS and Team Leader, Inserm U349, Paris, France, 1990-2003; Director of Research 1st class and Team Leader, Inserm Unit 606 (Bone and Joints), Paris, France, 2004-present. Director of Research at CNRS (National Center of Scientific Research) and Head of the Laboratory on Osteoblast Biology and Pathology at National Institute of Health and Medical Research (Inserm UMR 606) and University Paris Diderot, Paris, France.

Honors and Awards: Recipient of the 1984 Society of Clinical Biology Research Award, the 1989 P&G Bone Diseases Research Award, the 2001 Danone Minerals and Nutrition Research Award, the 2008 French National Academy of Medicine Award, and the 2010 ASBMR Louis Avioli Award (USA) for fundamental contributions to bone and mineral basic research.

Editorial Duties/ Peer review Panels : Editor, European Journal of Endocrinology, 2006-present; Associate Editor, Arch. Biochem. Biophys., 2008; Editor, PloSONE, 2011; Editorial Boards: Bone, 1990-present; Calcified Tissue International, 2005-present; European Journal of Endocrinology, 2006-present; Reviewer for The Medical Research Council, Osteoporosis Society of Canada, Arthritis Research Campaign, the Swiss National Foundation for Scientific Research, The Israel Science Foundation, The Wellcome Trust, The Cancer Research Campaign, the European Spatial Agency (ESA), Guy' and St Thomas' Charity, Arthritis Foundation, Austrian Science Foundation; Ad Hoc reviewers for 30 international peer review journals.

Professional Societies: Member of ASBMR (since 1979); member of ECTS, IBMS, and ASBMB; Member of ECTS and IBMS meeting program Committees; Member of Editorial Board, Bone, 1990-present; Member of Editorial Board, Calcified Tissue international, 2005-present; Associate Editor, Arch. Biochem. Biophys., 2008; Editor, European Journal of Endocrinology, 2006-present.

Member, ECTS Board of Directors and Chairman of the ECTS Grant Committee (2006-); Member, ECTS Nominating Committee; Member, IBMS Board of Directors (2010-); Member of Scientific Council, Dental Surgery Faculty, University of Paris 5 (2006-2009); Vice-President of the Scientific Council, Faculty of Medicine, University Paris Diderot (2010-).

Meeting Organizer: Co-organizer, French Society on mineralized Tissues, Versailles, 2004, Paris, France, 2010; Co-organizer, ECTS meeting, Nice, France, 2004; Co-organizer, Inserm Bone Tumors meeting, Paris, France, 2011.

Current Research: Osteoblast biology and pathology.

Statement of Interest: In serving ASBMR, I am interested in helping to promote excellence in basic and clinical research. One of my goals will be to promote membership of young investigators and to stimulate scientific education and exchanges between the membership. Another important issue in my view will be to strengthen the relationships with other societies with similar interests.

Disclosures: Patents on the commercial use of F/Stro-1+ multipotent cell line, and the use of agonists of integrin alpha 5; Servier- Advisory Board Member, consulting, honoraria for lectures; Member of ECTS and IBMS Board of Directors. Editorial Board- *Bone and CTI*.
