

ASBMR 2012 Annual Meeting

October 12–15, 2012 | Minneapolis, Minnesota, USA | Minneapolis Convention Center

HOT SHEET

Saturday, October 13

- **Louis V. Avioli Memorial Lecture:** Advanced Bone Imaging in Osteoporosis: Monitoring Disease Progression, Predicting Fracture Risk, and Providing Surrogacy for Fracture Outcome – the “Holy Cow” or the “Holy Grail”
Saturday, October 13, 8 -- 9:00 am, (Main Auditorium)
Keynote Speaker: Harry Genant, M.D., University of California, San Francisco (USA)
- **Concurrent Oral Session 05: John H. Carsten’s Memorial Session for Osteoporosis Treatment** (*Main Auditorium*)
 - **Effects of Odanacatib on BMD and Overall Safety in the Treatment of Osteoporosis in Postmenopausal Women Previously Treated with Alendronate**, 10:15 am
 - **Bone Material Strength in Bisphosphonate-related Atypical Femoral Fractures Measured by ‘in vivo’ Microindentation**, 10:30 am.
- **Concurrent Oral Session 12: Bone Acquisition and Pediatric Bone Disease** (*Room 200DE*)
 - **Effects of a Specialized School Physical Education Program on Bone Structure and Strength: A 4-year Cluster Randomised Controlled Trial**, 3:00 – 3:15 pm
 - **Sustained Effects of Physical Activity on Bone Health: Iowa Bone Development Study**, 3:15 – 3:30 pm
 - **Does Stage of Sexual Maturation Determine Relationship of Calcium Intake and Physical Activity to Bone Mass Accrual**, 3:30 – 3:45 pm
- **Symposium: Duration of Safety of Osteoporosis Therapy**, 4:00 – 5:30 pm (*Main Auditorium*)
