VENUE:
ST CATHERINE'S COLLEGE, OXFORD, UK

7th International Workshop on Advances in the Molecular Pharmacology and Therapeutics of Bone and other Musculoskeletal Diseases

2-5 JULY 2016

The workshop will take place within the delightful surroundings of St Catherine's College, Oxford.

The programme is led by a faculty of international leaders from academia and industry, who will describe recent advances in drug discovery and the molecular mechanisms underlying current and future therapies for diseases of bone and the musculoskeletal system.

The meetings are highly acclaimed not only for their scientific quality, but for the excellent opportunities for productive interactions among faculty and participants.
